

NGEnvironment Kick-off Meeting

Lousada, Portugal 6th & 7th November 2018

Who & Where

- Future In Perspective Ltd. is a private company established in 2009
- We are based in the border region of the Republic of Ireland
- One of 8 counties in Ireland with no coastline
- There are 365 lakes in Cavan

County Cavan

- County Cavan is largely agricultural and associated especially with dairy, beef and pig farming
- Rural areas, especially small rural towns and villages, devastated by the economic crisis
- Large migrant communities especially Polish, Lithuanian and Romanian
- Not really enjoying any benefits from the now arrived economic recovery
- Lack of local employment opportunities a feature
- Brexit a huge issue for society and economy

FIP Services

- **STRATEGIC PLANNING** – supporting businesses and special interest groups in the community and voluntary sector
- **EDUCATION** – designing and producing bespoke learning content for use in media-rich online settings
- **MEDIA PRODUCTION** – designing and developing a full suite of audio-visual, print and web based media resources
- **EVALUATION** - designing and managing evaluation and quality assurance frameworks
- **FUNDING** - researching and drafting funding applications for a wide variety of national and EU funded programmes
