Project Nummer: 2018-1-DE02-KA204-005014

NGEnvironment

Foster European Active Citizenship and Sustainability
Through Ecological Thinking by NGOs

The NGEEnvironment Project Structure

PARTNERS all over Europe

Aims / main objectives of NGEnvironment

There is the need to train capable leaders able to express their willingness to engage in the issues and challenges they see around them. NGEnvironment will train such leaders, helping to develop the skills needed to find creative solutions to local/regional problems, through associativism, recognising potential leadership and harnessing such qualities for the benefit of the environment and of others, through job creation, social inclusion and active citizenship, sharing benefits with all – as the true objective and building block of NGO democratic and open participation and of sustainability. The project will demonstrate, as intended by the European Commission, that green entrepreneurship is an effective means to boost employment and the efficient use of natural and social capital.

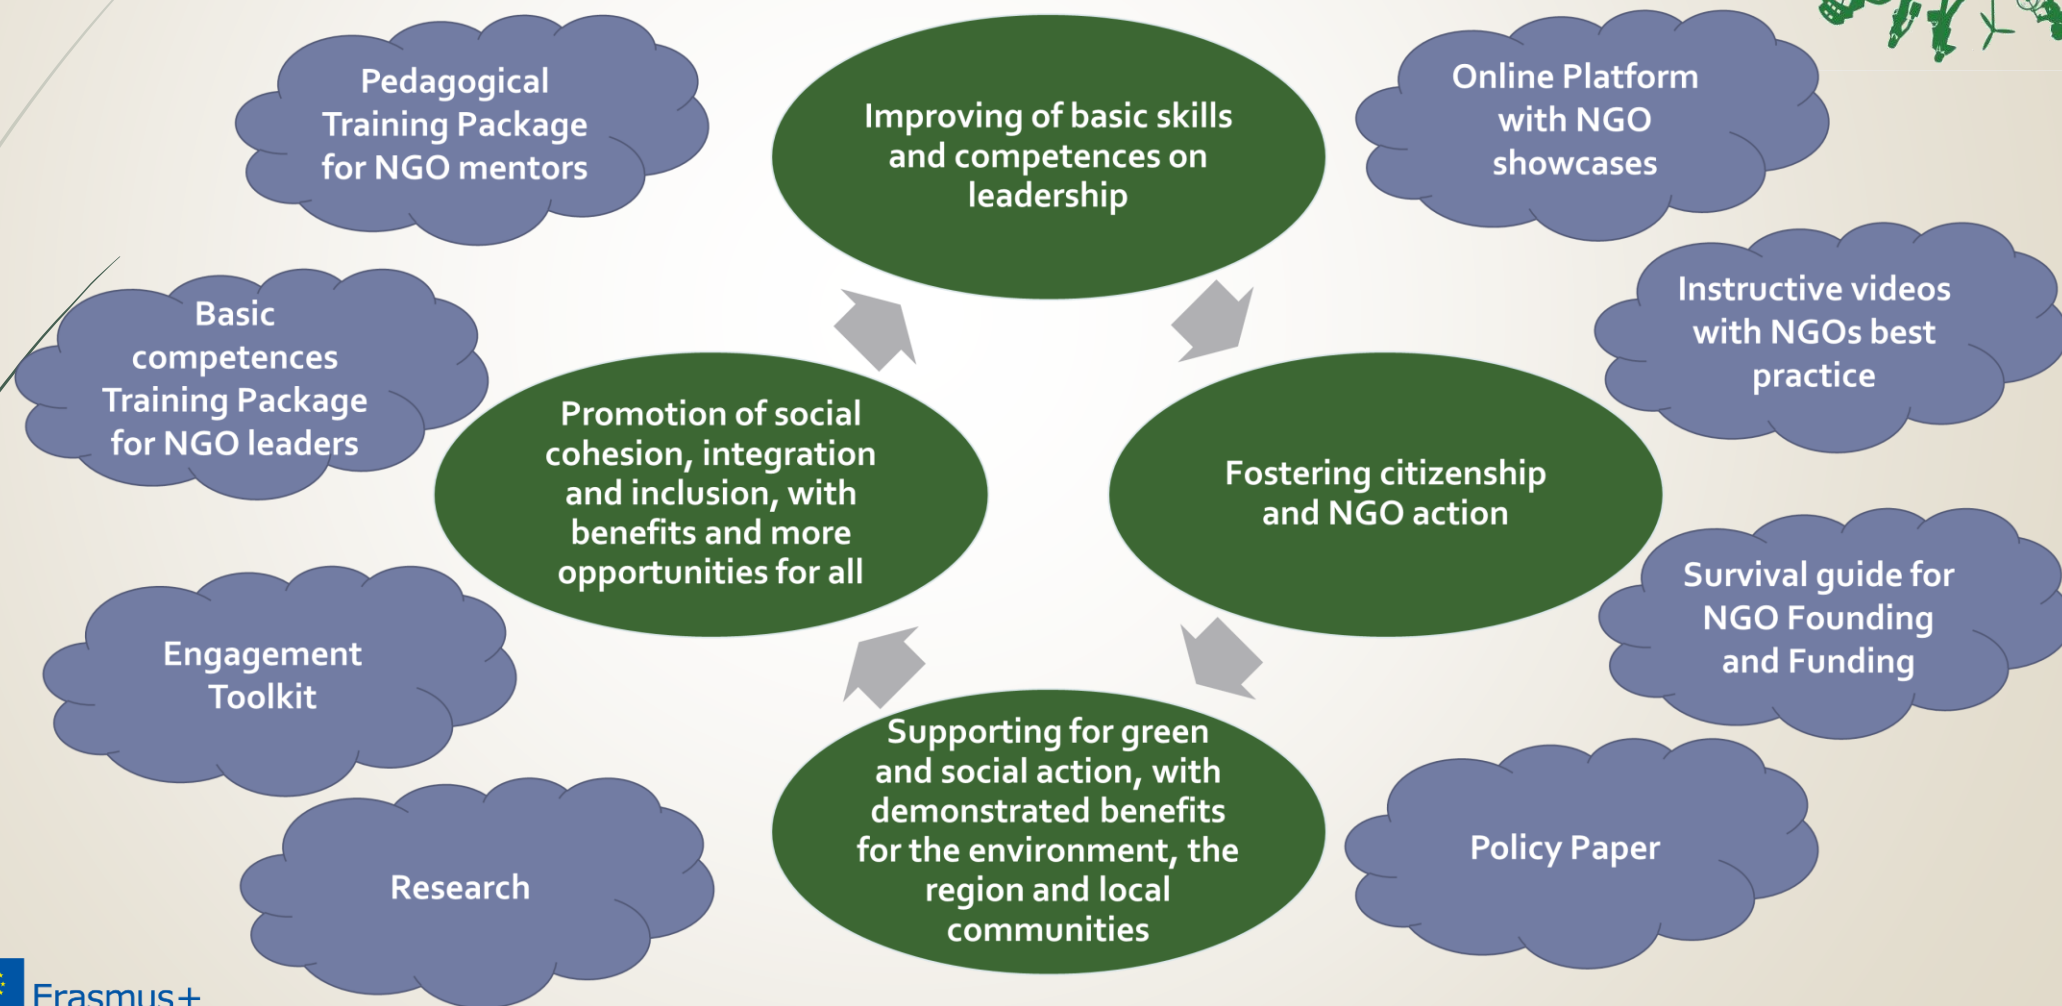

Target groups

Target group of NGEnvironment

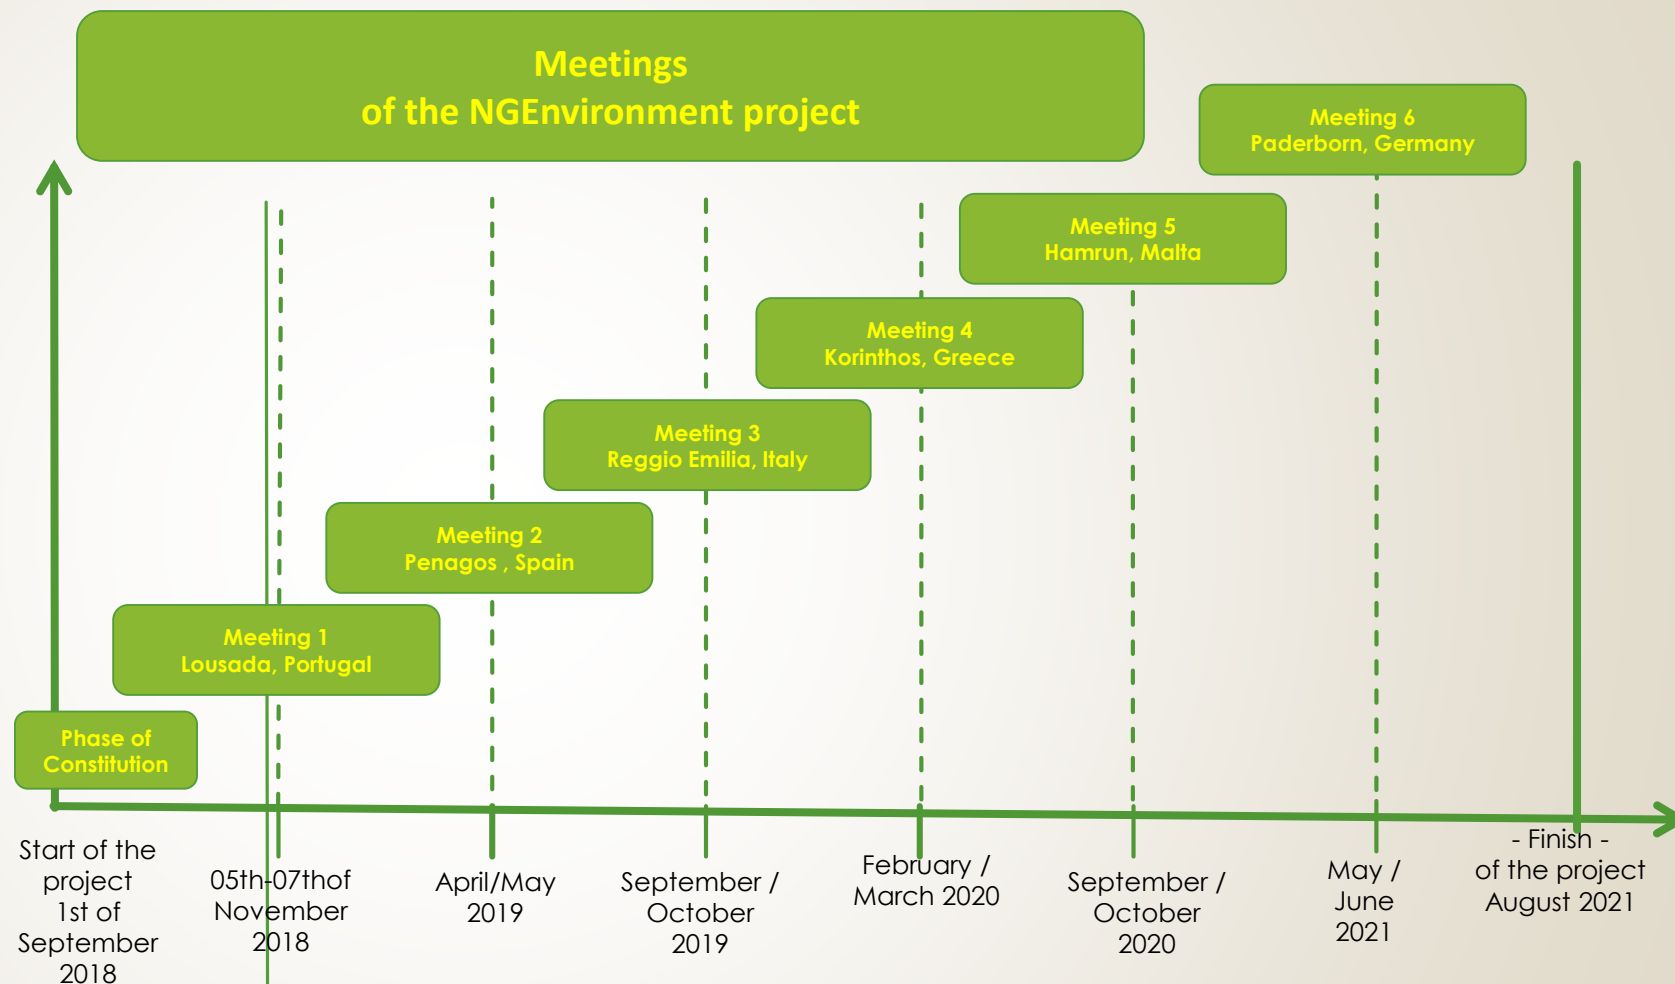

- (1) adults citizens
willing to become NGO
leaders/entrepreneurs,
- (2) existing NGO staff
