106 Recap

5 videos per language have been produced – 35 videos in total

All videos have been uploaded
to project platform

Current format is in:

Audio – Country language

Text – Country language.

Understanding
NGOs
and
Modern Leadership

106 Questions for partners

- ❖ Are you happy with the robotic voices for your videos?
- ❖ If not, we can use English audio with different country subtitles.
- ❖ Should the final videos be uploaded to YouTube for ease of dissemination?

Project Video Documentary

FIPL propose a "three prong" attack for the video documentary. We propose to focus on three distinct areas of the project:

1. Transnational Training Event
2. Local Perspective
3. Final Conference

1. Transnational Training Event – IT

- ❖ Worthwhile to show outsiders as it is one of the best elements of any project
- ❖ Easy to disseminate as a stand alone piece or as part of a bigger production – For example – full project documentary
- ❖ The training overall was a success so it is worthy of promotion

2. Local Perspective

- ❖ Important to promote as this is a real indication of the project as a whole
- ❖ Interesting for partners to get a sense of feedback from other partner countries.
- ❖ Impact on NGOs from COVID will be an interesting motif.
- ❖ Again, as a standalone piece it would be interesting and easy to disseminate.

3. Final Conference

- ❖ Always worthwhile to film the Final Conference as the main dissemination event and the only one all partners can be a part of at the same time
- ❖ Interesting to get views from keynote speakers.
- ❖ Final Conference is a big event and is worthy of filming.

What does FIPL need from partners?

1. Transnational Training Event - IT

- ❖ FIPL do not need anything from partners for this segment
- ❖ Footage has been shot and collated
- ❖ Video is currently in production and will be ready by the end of November
- ❖ Once ready, partners can share through their social media streams

What does FIPL need from partners?

2. Local Perspectives

- ❖ FIPL will require partners to shoot 2 x 2 minute pieces to camera from stakeholder, or anyone involved in the project locally.
- ❖ FIPL will provide partners with shooting guidelines, along with sample questions by mid December, if agreed upon.
- ❖ FIPL will require partner's by mid March, if agreed upon.
- ❖ Final video will be ready mid April

What does FIPL need from partners?

3. Final Conference

- ❖ Short, snappy interviews with partners – so look pretty!
- ❖ FIPL will send film crew to final conference to shoot the day, along with key note speakers.
- ❖ Format of this segment is still undecided. Possibly may document the entire journey from Ireland to Paderborn as a (hopefully) post COVID celebration.

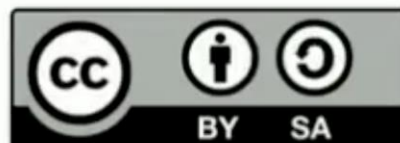

Any suggestions?
