General structure

Sinergie structured the IO2 and IO3 Modules testing in order to offer both:

- ✓ an interactive part with the audience in the form of **live webinars**;
- ✓ and another part where participants were required to access the learning material on their own and study it autonomously on the **e-learning platform**.

IO2 testing

WEBINAR N°1

- **Friday 2nd October** (from 4 to 6 pm on Webex platform)
- NGE general introduction + Presentation of Modules 1 and 3

INDIVIDUAL STUDY

- 3 weeks for individual study on the e-learning platform
- Modules from 1 to 5

WEBINAR N°2

- **Friday 23rd October** (from 4 to 6 pm on Webex platform)
- Interactive activities from Modules 2 and 4; presentation of Module 5 with particular focus on how to create a pitch.

Some insights on IO2 testing

- ✓ N. 15 participants took part to live webinars N°1 & N°2;
- ✓ All participants were invited to introduce themselves and the organisation they are member of, or their interest to join/found an NGO or similar;
- ✓ The overall feedback was positive and the audience took active part in the webinars, especially in those activities that required some form of participation.

I03 testing

WEBINAR N°3

- **Friday 6th November** (from 4 to 6 pm on Webex platform)
- NGE general introduction + Presentation of Modules 2 and 5

INDIVIDUAL STUDY

- 3 weeks for individual study on the e-learning platform
- Modules from 1 to 7

WEBINAR N°4

- **Friday 27th November** (from 4 to 6 pm on Webex platform)
- Interactive activities from Module 6 and presentation of students' Pitch and/or Business Model Canvas.

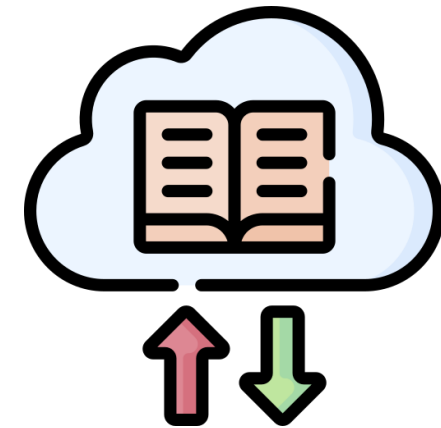

Some insights on IO3 testing

- ✓ N. 8 participants took part to live webinar N°3;
- ✓ Missing participants have been invited to watch the recorded lesson and don't miss the last webinar (N°4 - Friday 27th November).
- ✓ Participants have been invited to work on their own social and green ideas to present during the last webinar as BMC or Pitch.

Next tasks

- ✓ Friday 27th November → Last live webinar (N°4).
- ✓ Monday 30th November → Final data and reports related to IO3 testing will be uploaded on the cloud space (IO2 documents have already been uploaded).

Many thanks for attention
