Foster European Active Citizenship and Sustainability
Through Ecological Thinking by NGOs

From 23th to 25th of March 2021, representatives from Germany, Portugal, Greece, Malta, Ireland, Italy, Romania and Spain attended the **5th project meeting** of the Erasmus+ project: **NGEnvironment - Foster European Active Citizenship and Sustainability Through Ecological Thinking by NGO (2018-1-DE02-KA204-005014)**. The meeting took place virtually due to Covid-19.

This online meeting replaced the transnational meeting that should have taken place in Malta. The main objective was to review the current state of the Project and, especially, of the Intellectual Outputs. During this online meeting, the partners reviewed the pending tasks until the end of the project to conclude the development of the intellectual outputs IO7, IO8 and IO9, and agreed on the deadlines. The tasks and dates are being diligently fulfilled.

The Project ends at the end of August and the final meeting should be held in Germany in July if it is allowed by COVID situation.
